### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Scott Schulte on April 4, 2005.

The application has been amended as follows:

In claim 1 line 6, the word "below" was deleted and replaced with the word -- within --.

In claim 24 line 8, the word "below" was deleted and replaced with the word --within --.

This language was added to define the recess as being within the recited surface.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

Claim 1 is indicated as having allowable subject matter because the prior art of record does not teach or render obvious the total combination claimed, including a tray comprising a projection extending away from the surface and from the second end of the surface, wherein the projection is formed integrally with the surface as a one piece member, and a recess formed within the surface. Prior art references with tray projections that comprise of two or more pieces connected together do not meet the limitations of this claim.

Claim 24 is indicated as having allowable subject matter because the prior art of record does not teach or render obvious the total method claimed, including the step of discharging the

scanned document to a tray, wherein the projection is formed integrally with the surface as a one piece member, and wherein a recess is formed within the surface. Prior art references teaching discharging onto tray projections that comprise of two or more pieces connected together do not meet the limitations of this claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
